

2021 Summerfair – General Liability Insurance Coverage

Upon acceptance Exhibitors must provide Summerfair Cincinnati, Inc. with an appropriate Certificate of Insurance, naming Summerfair Cincinnati, Inc. as an additional insured pursuant to a general liability insurance policy that includes coverage for damages with a minimum coverage of \$500,000.

This certificate must be received in the SFC office (by US mail or email to: exhibitors@summerfair.org) **WITHIN 30 days prior to the first day of the Fair – May 1, 2019. Failure to provide certificate will result in your acceptance to the Fair being revoked.** Please make sure that YOUR NAME on the certificate, for verification, is the same as it appears on your ZAPPLICATION registration. We do not go by company names.

An additional insured is a person or organization that is added to your insurance policy by endorsement and this is a common request and is provided at no cost.

When you add someone to your policy as an additional insured, you are extending your policy coverage to protect the additional insured from a lawsuit that was caused by your negligence.

If you do not have insurance coverage for your business, follow this link to ACT Insurance Program <http://www.actinspro.com/>. They specialize in working with artists on the art fair circuit.
